

PRESS RELEASE

11 November 2021

Aries Insight appoints Jonny Davies as Pensions Technical Consultant

Aries Insight, the technical pensions legislation specialist, today announced the appointment of Jonny Davies as Pensions Technical Consultant.

Ian Neale, Co-Founder at Aries, said: "Pensions has never sat still and now is no different. We take very seriously our responsibility in providing our clients with the most relevant, reliable and up to date information as is possible. As such, it is imperative that we continue to invest in specialists to join our expert team and enhance our offering. With over 18 years' experience in the field, Jonny certainly fits the bill for expertise, and we are very pleased to be welcoming him to our skilled team. He will be leading our work specifically on pension transfer law and regulation, The Pensions Regulator and its codes of practice and pension trustee duties and powers."

Davies added: "Aries is a leading organisation in the industry - its brand and reputation for top-quality knowledge speaks for itself. I am really pleased to be joining the company at a key moment in its evolution as it grows and expands with industry demand."

Davies has held a number of roles in the industry across administration and technology for both occupational and personal pensions. He joins from Quilter where he was a Pensions Technical Specialist.

Notes to Editors

Aries is an innovative company dedicated to providing the best tools for pension managers, trustees, advisors and administrators to handle the complex regulatory environment for pensions in the UK. The firm combines a deep knowledge of pensions with well-honed systems engineering and a keen sensitivity to the needs of the pensions professional.

The Aries Pensions System is the foundation of the pensions technical support service now used by around 120 organisations throughout the industry: consultants, administrators, life offices, pension funds and specialist providers. Other Aries solutions include SIPP and SMPI illustration programs.
